

## **PhD Scholarship Opportunity**

To: Members of the IUC-JU TB/HIV (Infectious Diseases Modelling and Epidemiology and Modelling project) subproject

The IUC-JU programme launches a PhD scholarship in TB/HIV subproject entitled

“Open call which welcomes all proposals in the field of TB/HIV”

with as promotor of this PhD, Dr. Ludwig Apers (ITM).

A detailed description of the PhD proposal can be found in the attachment. The selection procedure is described in the IUC-JU management manual in the attachment.

Interested candidates have to subscribe with the IUC-JU programme manager, Jemal Abafita, before 30 March 2010. The deadline for submission of a detailed research proposal according to guidelines given in the IUC-JU management manual is 30 June 2010, and should be done electronically to Jemal.Abafita ([Jemal.Abafita@ju.edu.et](mailto:Jemal.Abafita@ju.edu.et)).

The detailed research proposal should be developed according to guidelines given in the IUC-JU management manual (pp. 4-5), using the same topic as the PhD proposal.

Furthermore, in September 2010, a workshop will be organised at which the candidates can defend their proposal in public.

## CALL FOR RESEARCH PROPOSAL

**Title:** Open call which welcomes all proposals in the field of TB/HIV.

The objective of this call is to give researchers in the TB/HIV subproject a chance to submit their own proposal. Candidates should be able to prove that their proposal on a topic of TB/HIV that can lead to research at a PhD level. Furthermore, the research must be related to one or more IRs of the subproject.
